Message from the Conference

Dear Beloved Community in the Vermont Conference,

First, I hope and pray you are making time this summer for rest and renewal. The pressures and anxiety of these last months have taken their toll. It is time to drink deeply from the Waters of Life and ask God to restore our souls.

I am steadily receiving emails and phone calls asking about best practices for congregations given the news regarding the delta variant of COVID. The truth is, there is not enough information available at the moment to feel confident in making decisions for our churches. Many of our congregations continue to meet remotely. Others are holding outdoor worship. Some are back in their sanctuaries but using masks, social distancing and no singing. Some are singing but only with masks. Other congregations are using their choir (masked mostly) for hymns. For some there is a request for those not vaccinated to wear masks but otherwise their worship life has gone back to pre-pandemic practices. A few have no restrictions at all.

What to do? These are the things we know can slow or prevent the spread of the virus: full vaccination, masks, social distancing and either outdoors or indoors with airflow/ventilation. Please keep up with the advice and wisdom from our local experts and officials and those experts in our nation.

One further word. The gospel is clear that the greatest commandments are to love God with heart and soul and mind and strength and to love our neighbor as ourselves. As a Christian the question I must ask myself is – what is the most loving behavior I can do for my neighbor?

In Peace,

The Racial Justice Task Force Needs You!!

"I joined this group because I've come to realize that all the issues of justice are interconnected, in the spirit of Traci Blackmon's keynote on Crossroads. My own passion is the

environment, and you can't separate a healthy environment out from racial justice, since unhealthy environments have disproportionate impacts on communities of color, causing immense suffering. In the group, I appreciate the way we've explored many facets of activism around this issue, ranging from self-examination and book study, to political witness, to community collaborations, and as an activist myself, I've gained insight into the ways these different forms of racial justice advocacy all work together." - Fred Taylor

United Church of Thetford
featured on VPR!!

"When Erika Hoffman-Kiess first heard about people applauding for frontline workers in big cities, she didn't think that

would work so well in her town of Thetford. “There are some places in Vermont where you can go outside your door and bang a pot and pan and nothing’s going to happen because nobody hears you,” she said. “But we do have a lot of churches.”

And those churches have bells."

[2021 Clergy Convocation Registration is OPEN!!!](#)

***Monday, Oct 4th – Wednesday, Oct 6th
At The Craftsbury Outdoor Center
(***note the NEW location***)***

***Theme: “Leaning Into Change When We Don’t Know
Where We Might Land”***

Just like riding a bike, when the roads ahead of our communities shift, we need to both turn and lean into the turn to keep our balance. In this post-Covid season, we know we need to turn, but knowing how and which way to lean is both essential and hard to imagine when we can’t see the path ahead. This convocation is about learning how to lean into a turn in community, discerning the path together and building the muscles and practices to stay balanced and agile in the face of turns.

You can currently register at **Early Bird** prices, however these will go up by the end of the summer.

We Are All Children of God - creating intergenerational church Online, In-Person, and Hybrid

Tuesday, August 17

2:00 - 3:00 PM Eastern

Leader - Rebecca Stevens-Walter

How do we create church (not just worship) where all ages are truly invited? How do we do this online? in person? hybrid? Jesus said, "Let the little children come to me." In this directive, we are called to create church that leaves no one distanced or left out from learning about and experiencing the love of Jesus. This webinar will explore some of the opportunities churches have to engage people of all ages in the life of the community. We'll look at worship models, community standards, and safety measures meant to create space, both online and offline, for congregants to come together and practice faith in the ancient way of intentionally intergenerational community.
