Message from the Conference

Friends of the Vermont Conference,

In the midst of this glorious Vermont summer, I thought I would highlight today the work of three Church and Ministry Committees that do so much work on behalf of all of us. (They are just some of the many groups that minister on behalf of our Conference.) This morning, I met with the Ministerial Standing and Standards Committee of the Conference, affectionately known as MSSC! (When I first started in this role, it actually took me several months to figure out what those 4 letters stand for!) The MSSC serves 6 of the 8 Associations in the Conference.

Today, we started our meeting with a brief check-in, and then a time of devotion and prayer. We talked about a few of the licensed pastors of our Conference, who serve with such commitment and devotion. We then moved on to a meeting with one of our Members in Discernment, who brought a number of pastors with him from the Windham Union Association. After an hour of thoughtful questioning, the Committee approved him for the next step on his way to ordination. The Committee then heard a report from me and then finished their meeting time with a report on several of our pastors who are transferring their standing to the Vermont Conference, as they recently have been called by churches in our Conference. We as a Conference have been blessed by many new pastors among us over the past couple of years!

We are also blessed with two other hard working Church and Ministry Committees in our Conference in the Southwest Association and the Grafton Orange Sullivan Association. SWACOM, the Southwest Association Committee on the Ministry, handles the same sort of issues as the MSSC. In addition, they regularly send out delegations of 2-3 members of the Committee to visit individual churches in the Association, known as TLC visits! By doing so, they keep in touch with the needs of the churches and how they are doing. Finally, the GOSCOM (Grafton Orange Sullivan Committee on the Ministry) is unique because it serves the churches of two Conferences, Vermont and New Hampshire. Both I and the New Hampshire Conference minister attend their meetings regularly as they seek to support the churches of the Association.

We as a Conference have much to be thankful for,
Gratefully yours,

Paul

STATEMENT FROM GUNSENSE VERMONT ON THE ROBB ELEMENTARY SCHOOL SHOOTING

Today we mourn the deaths of 19 children and 2 teachers in Uvalde, Texas. It was the deadliest school shooting in the state's history, nearly the worst in U.S. history, and it was the second mass shooting in America this week. Our deepest sympathies go out to the families that lost their children yesterday and to the communities reeling from senseless and unfathomable loss.

A horror like yesterday's massacre brings the reality of gun violence to our hearts and minds in technicolor. But it is not just yesterday or last week. Our hearts break for the 110 people who lost their lives to gun violence each day in 2020- the majority of them Black and Brown young men. We grieve for those families and neighborhoods as well. In our gun-obsessed culture, we have prioritized the right to have unfettered access to firearms over the lives of our own children. We no longer live in a free country - freedom is the expectation that you can send your kids to school, or the store or down the block and know that they'll return home safely each day. Today, no parent in America has that certainty.

This is not normal. It does not have to be this way. No other developed country comes close to this level of gun violence. And no other country comes close to allowing guns to be purchased and carried with as few restrictions as this country does.

What will be the result of 19 more innocent children shot dead in their classrooms? The answer will be not nearly enough unless we finally hold our elected leaders accountable and demand change. Each and every one of us has a part to play in ending gun violence and the only way to honor these victims is through actions, not words.

Robb Elementary School could be any school in Vermont. Tops Friendly Markets in Buffalo could be your local grocery store. The time for passive activism is over. All of us are responsible for taking action and demanding change.

What You Can Do:

- **Volunteer**
- **Contact lawmakers and demand action**
- **Educate yourself on the issues**

- Raise awareness and engage others to speak out
- **Contact us and other gun violence prevention organizations for more ways to get involved**
