Conference friends,

In the midst of all that is going on in the world, I wanted to share with you some hopeful news about the development of our Conference Pastoral Preparation Program (PPP). As many of you know, we are following the model our Southwest Association has used over the past several years to train lay people in the church to pastor some of our part-time churches in the Conference. Our plan is to start the Program in September of 2024.

Susie Webster-Toleno has agreed to be our first Dean of the PPP, and she will begin serving us in Jan. 2024 in this capacity. Susie has been in our Conference for a long time and is the pastor of our Westminster West congregation. She also has been the facilitator of the Licensed Pastor Group this past year for the Conference and has served in numerous other ways in the Conference. We look forward to her leadership among us!

Just this past month, we have had two graduates of the Pastoral Preparation Programs in the Southwest Association, Andris Berry and Jane LoBrutto, become the newly settled pastors in East Arlington and Fairhaven. We hope that those of you reading this article will start thinking of people in your congregation who may want to be part of the first Conference PPP class this coming September.

Perhaps you yourself reading this will be in that class!

With Hope,
Paul

"God, our hearts are broken with pain at the senseless deaths and woundings caused by gun violence in Maine. We

know that so many in our sister state in the north are mourning and living in fear, along with all the rest of us. Help us to transform our own hearts to see peaceful ways of resolving our differences. Let our voices be raised asking our legislators to enact gun laws to protect all in our society. Let our hands reach out and connect with those who feel alone and those who live in fear, and those suffering from mental illness.

We pray all this in the name of our Prince of Peace, who desires that we live together in peace. In Jesus' name, Amen."

250 YEARS OF THE CONGREGATIONAL

CHURCH IN WEST RUTLAND!!!

October 20th marks the [250th year of the Congregational church in West Rutland](#). On October 20th, 1773 Rev.

Benajah Roots and 14 people incorporated themselves into a church. Since then the church, now called the United Church, has worshipped in four buildings.

The first building was a log meeting house near the present entrance to Evergreen Cemetery. It was used from 1773 to 1788. The second building was a wood-framed church on the south end of Pleasant Street. It was used from 1855 to 1885. The third building was across the street and was used until 1885. The fourth building is a brick church on the corner of Chapel and High Streets in downtown West Rutland. It was built in 1886 and is presently still in use as the United Church.

Over the years, the church has been served by many ministers. The most notable was the church's second pastor, [Rev. Lemuel Haynes](#). Rev. Haynes was the first black congregational minister to serve an all-white congregation. He served from 1788 to 1818 and was known to be a powerful preacher who ministered well to his congregation.

The present interim minister is the Rev. Pete Hults. He and his wife Jean are natives of West Rutland and grew up in the [United Church](#). Their worship services are every Sunday at 10 am. Anyone who desires to worship is welcome. They are very proud to have been worshipping the glory of God for 250 years!

Holy Heat Pumps!

A Webinar on Heat Pumps for Faith Communities

How we cool and heat our buildings is a significant part of how we address the climate crisis. When it comes to Heating, Ventilation, and Air Conditioning (HVAC) systems, heat pumps are a crucially important technology in the transition away from fossil fuels. This webinar will explain how heat pumps work and how government funds can be accessed by congregations for their purchase. We will hear a success story from a local faith community that installed both air-source and ground-source heat pumps. Finally, we will address frequently asked questions, such as, “What do you do with a building that has had radiator heating?” Even if you cannot make the webinar at its scheduled time on October 25th at 1 pm ET, still sign-up, and we will send you a link to a recording of it.

UPDATE: Churches for Middle East Peace calls for de-escalation, humanitarian access and addressing systemic issues after war breaks out in Israel/Palestine

by **Staff Reports** | published on Oct 8, 2023

UPDATED OCT. 10: The **following statement was issued Monday, Oct. 9** by **Churches for Middle East Peace (CMEP)** — of which the United Church of Christ and **Christian Church (Disciples of Christ)** are members — after issuing an **initial statement Saturday, Oct. 7** (**see below**) regarding the ongoing conflict and violence in Israel and Palestine. CMEP held a **Pray for Peace online event** the morning of Oct. 9 and will continue to hold them on Wednesdays at 12:30 p.m. ET.

Monday, Oct. 9 statement

Churches for Middle East Peace (CMEP) continues to grieve the devastating loss of life in Israel/Palestine. As the numbers of those killed and injured climb, we ask people of faith to remain committed to praying and working toward an immediate end to the violence. Yet, cessation of conflict will not automatically bring justice. Without attention to the core systemic issues of the war and the ongoing occupation of Palestinian territory, there will be no real peace. At a time when the rush by governments will be for more military responses, CMEP prays for the de-escalation of violence to prevail. We urge an escalation of diplomatic efforts by the United States, through the United Nations, and other regional bodies. Too many people are already grieving the loss of loved ones. CMEP calls for an immediate end to all violence and calls

for restraint from all parties. CMEP is deeply concerned by the prospect of an Israeli protracted military offensive and possible ground invasion into Gaza that could result in considerably more deaths and destruction and a broader regional war. **Half of the 2.2 million people of Gaza are children.**

CMEP abhors reports from the Israeli government that they have **shut off power, water, and fuel** to the people of Gaza. These actions constitute collective punishment, and **international law designates such actions as illegal and unconscionable.** The lack of water, electricity, fuel, and access to medical supplies will have a disastrous impact on millions of civilians in Gaza, especially those who need immediate medical attention. We urge the resumption of power, water, and gas for the people of Gaza. CMEP calls for the protection of access to humanitarian aid and the cessation of conflict so that emergency medical care can be offered.

The call from Israeli Prime Minister Netanyahu **telling Gazan residents “to leave”** is completely unrealistic given that all border crossings in and out of Gaza are closed, and leaving is not an option for the more than two million people living there. CMEP calls on Hamas to **do no harm and to release all hostages held in captivity.** CMEP continues to hold in prayer the families of those held hostage and the families of all who have been wounded or lost their lives already in the violence of the past few days. CMEP calls on the international community and the United States to stop supporting further militarization and pursue every alternative means to protect all Israeli and Palestinian civilians.

The United States has long failed to serve as a constructive partner in helping to secure a just and lasting peace in Israel/Palestine. During heightened tension, CMEP implores the U.S. government to refrain from steps that only exacerbate the violence and increase the risk of expanding war into the broader region. Core issues of the conflict must be addressed, including but not limited to: ceasing the expansion of settlements in the occupied Palestinian territories; ending impunity given to settlers when they attack Palestinians, their homes, their lands,

and religious sites; reversing de facto annexation of Palestinian land; ending the blockade of Gaza while ensuring the legitimate security needs of Israelis; ensuring freedom of access and movement for Palestinians. These are among numerous other issues that the United States and many in the international community have not held Israel accountable for decades.

While mourning the tragic events happening in Gaza and Israel, CMEP remains committed to prayer and the belief that peace is possible even in these devastating times.
