Dear friends,

The Lenten season that leads into Palm Sunday and Easter is one of the times of the year when someone new may be more likely to come to your church. So how can we help them connect with our church? How can we be a vital church that will invite them to be part of our community?

These are the questions that we will be considering at our Church Vitality Event on Saturday, March 9 th from 9:30-3 at the Williston Federated Church. Church Consultant Paul Nickerson will be our leader. Paul has helped a number of our churches in the Vermont Conference, and will be inviting all us to think about a number of ways that your church can be more vital.

We will be talking on Mar. 9th about how we as churches can:

 Build relationships with people in the community
 Create a clear sense of our Purpose (why do we exist as a church?), our Vison (Where are we going?), and How to have an action plan to get there

3. Make a difference in our communities for Justice and Peace

4. Develop a clear discipleship pathway that helps people find ways to grow in their faith

- 5. Encourage generous givers
- 6. Take online ministries seriously
- 7. Streamline our governance structure

If these topics sound interesting to you, please bring a team of at least 3-4 people from your church to our day in Williston for \$100. This will cover however many people you bring, and lunch as well. You can also sign up for coaching afterwards if you wish as well. I promise you that the day won't be wasted. Register on our Conference website or on Ekit-we hope to see you there!

> Faithfully, Paul

# Latest News

Each church will be asked to bring a team of a Pastor and at least 3 lay people. Each of the above topics will be overviewed, and then each church will choose the two areas they wish to address first. Churches will be clustered in cohorts around these topics for a year of training and coaching. In my experience, the year of coaching helps a church to put the principles of a seminar into practice.

The Hope Fund is funding special scholarships for Vermont Conference churches to participate. We ask for \$100 for your church to come to the seminar (lunch included for all your participants) and \$250 for a year of coaching for your church.

> Saturday, March 9 th from 9:30-3 at the Federated Church of Williston or online via Zoom.

There is room for ONE more church to sign up for the Paul Nickerson event at the reduced Hope Fund rate! The first three churches that sign up will receive it!

#### New Workshop #2!!!!

Considering land acknowledgements and reparations, "pretendians" and Abenaki peoples in our midst, many congregations are deciding how and if to engage with indigenous issues. Providing resources for worship, current reflections and facts regarding the history and current issues impacting the Abenaki in Vermont, and possibilities for engaging in social action.

Sally Kerschner, Rev. Lise Sparrow and Joellen Tarallo and will provide a framework to help discern possibilities for congregations. Participants will also have the opportunity to ask questions, share experiences and will take away resources for congregations to ponder.

### WILL YOU BE JOINING US? Let us know HERE!!!

Happy New Year, I hope you are doing well! My name is Ed Sunday-Winters. I co-chair the NEK hunger council,

Today, I am reaching out to you on behalf of the Vermont chapter of the **Poor People's Campaign: A National Call for a Moral Revival.** I am involved with growing and strengthening our VT chapter of this national campaign, including working toward a major day of action, coming up on Saturday,

March 2nd, at the statehouse. I help you will consider helping us lift up and center the voices of those in our community most impacted by poverty. Here is some more details:

The **Poor People's Campaign: A National Call for a Moral Revival** is a nationwide coalition of organizations, people of faith, and diverse individuals directly impacted by poverty who are collectively calling on state and federal governments to address the interlocking injustices of racism, poverty, the war economy, and ecological devastation. Poverty is the 4th leading cause of death in this country, and there are 140 million poor and low-wealth people in the US (almost half the population) who are at, below, or just one crisis away from the "poverty line", while subsidies and policy preferences continue flowing to rich individuals and corporations. We believe you cannot address poverty without addressing the climate crisis, nor can we address systemic racism without addressing the war economy, and so on. It all goes hand in hand.

So we are building a diverse movement to develop the kind of power we need to make real change. Right now, we are building toward a major day of action (March 2nd) that will take place simultaneously at state houses across the country. The event is called the **Mass Poor People's and Low-wage Workers' State House Assemblies and To the Polls**, and comes 1 week ahead of Super Tuesday, a few days before VT Town Meeting Day, and 35 weeks ahead of the 2024 general election. We are asking organizations, faith groups, unions, and service providers, around the state, to partner with us by supporting this event, and by helping us to mobilize people from your networks to the statehouse on March 2nd.

I hope your organization will consider partnering with us because of the bedrock commitment your work represents in our communities, and because of the deep connection we share in addressing the dignity and rights of the dispossessed, in order to address the health and wellbeing of all. Another key part of the PPC is giving the mic to the poor and dispossessed, and centering the lived experiences, shared by all of us, around poverty and precarity. We have the expertise to change the system, and we must lift from the bottom. If there were someone from your organization who might want to speak at our event in March, or ways that we can lift up the work you are doing, please let us know.

Here is a partnering form that spells out what we're asking, in terms of organizational support/partnering. And here's a short 5 min video explaining more. And attached are a couple of fliers also describing the event. March 2nd will include a short march to the statehouse (starting at the Montpelier transit center and ending at the statehouse), and the event will be held outside, weather permitting. There will be music, art, food, and speakers. Accessible porta potties onsite, and a warming location for gathering before, during, and after the event.

Let me know if you have any questions. With gratitude and appreciation for all that you do!

- Ed on behalf of the VTPPC

# Urge Congress to prevent genocide by rejecting military aid to Israel and supporting UNRWA

On Feb. 7, Israel **rejected** a cease fire proposal with Hamas that had been negotiated by the United States, Egypt, and Qatar. In doing so, Israeli Prime Minister Benyamin Netanyahu called the proposal "delusional," and called for the dismantlement of the United Nations Relief and Works Agency (UNRWA),

which provides essential services for millions of Palestinians throughout the Middle East, including in Gaza. PM Netanyahu also said that the war would continue until "Israel is completely victorious."

Since the escalation in violence on October 7 and the continuing Israeli assault on Gaza, more than 28,000 Palestinians have been killed in Gaza and almost 70,000 have been injured, with thousands still unaccounted for, **according to the UN**. To uphold the Convention on the Prevention and Punishment of the Crime of Genocide, South Africa **argued in the International Court of Justice** in January that Israel that measures must be taken to save lives. On **Jan. 26, the ICJ ordered** that the Israeli government must take measures to prevent genocide and that the provision of humanitarian aid and basic services is required, among other things.

against sending financial aid to Israel. \*\*\*

# **Greetings from Horton Center!**

My name is Tivvi Pare and I am the Executive Director of Horton Center, the Outdoor Ministries site of the UCC in New Hampshire. Horton Center is an incredibly beautiful place where people of all ages come to rest, rejuvenate, reflect and relax! We have seven weeks of summer camping starting in late June and running through early August. Campers entering 3<sup>rd</sup> grade through 2024 high school graduates come for a week at a time to explore their faith, be part of an inclusive Christian community, try new things (rock climbing, archery, hiking, etc!), and make new friends. There are also opportunities for adults, families, and entire churches to come up to our mountaintop "thin" place! I'd love the chance to connect with you and share more about the opportunities Horton Center holds for you, your youth, your churches and more!

Please complete this form and plan to attend an informational Zoom meeting so that I can meet you and provide more information about camp. All are welcome at Horton Center!

MEET THE FACILITATOR Rev. Valerie Coe Lowder

We hear a lot about how the heat produced from heat pumps will help us reduce our carbon footprint, improve air quality, and help fight climate change. Vermont's Affordable Heat Act passed by the Legislature in 2023 is intended to wean us off heating with fossil fuels by helping Vermonters switch their heating from fossil fuel-powered systems to cleaner systems like cold-climate heat

pumps. Churches and homeowners are being asked to make large financial investments to switch from heating with fossil fuels to heating with heat pumps. Before committing to spending thousands of dollars on a new heating system, We need to ask the question:

#### Do Heat Pumps Save Money?

I'm gathering data from Churches and homeowners who have already installed heat pumps about the cost of their changeover and the operating costs of their new heating systems. Please email me at <u>Jhill2583@gmail.com</u> if you will answer some questions about your Church or home switchover to heat pumps as your heat source and how your costs of operating your heat pump system compare with the cost of heating your building conventionally.

You probably have never heard of me. I have been a member of UCC Churches in the Fair Haven Vermont area for over 20 years, have served on committees in the Southwest Association of the Vermont UCC and currently serve on the Vermont Conference Board of Directors. My intent in gathering data is solely so that Churches and homeowners can make informed decisions about heating system upgrades based on the actual experience of others.

Please indicate in your e-mail if you would prefer to have a questionnaire e-mailed to you or have me call or visit you to ask questions. Your participation is anonymous. Your name and your Church name will not be published in my report.

# WEDNESDAY, FEBRUARY 28 TH 2:00PM - 3:00PM

Dear Vermont clergy and church leaders, I encourage you to take this class from NEDCA – the New England Disaster Chaplaincy Association. As we approach the 6-month mark after the July 2023 flooding, feelings of fatigue and burnout can manifest among both survivors and caregivers. This class is focused on identifying and providing self-care strategies.

One of the co-founders is Rev. Fred Meade a UCC minister who has done disaster response since he was a pastor in New Orleans during Hurricane Katrina. He serves on the UCC's Emotional and Spiritual Care in Times of Disaster team.

As your communities continue to recover from the recent floods and severe storms, please don't neglect our emotional and spiritual care,

either. If I can be of any assistance, please don't hesitate to contact me – pastor.greg.briggs@gmail.com

As a reminder, the "Light Our Way: A Guide for Spiritual Care in Times of Disaster" that was distributed at the Clergy Convocation discusses both long-term spiritual care and self-care for caregivers. If you didn't get a copy, please contact the conference office for a copy.

Greg Briggs VT Conference Disaster Coordinator and E.S.C.T. member
